EDUCATION

Stanford University

Class of 2027

Stanford, CA

Candidate for Bachelor's in Economics and Computer Science

GPA: 3.99/4.00

- Coursework: Economic Analysis, Applied Econometrics, Programming Methods, Market Design, Data Science, Financial Markets.

WORK EXPERIENCE

Investment Banking Summer Analyst | J.P. Morgan | San Francisco, CA | Expected: Jun '26

- Incoming Summer Analyst in the Technology Investment Banking group, advising clients on M&A and capital-raising transactions.

Founder & Chief Investment Officer | Milton Capital Incubator Fund | Milton, GA | Jan '24 - Present

- Raised and manage \$2.3 million portfolio, allocating capital across equities, options, commodities, and mutual funds.
- Achieved a 39% annualized return (as of September 2025), outperforming the S&P 500, with quarterly reports detailing strategy.
- Employ risk-adjusted allocation models, using a hybrid hedging strategy that integrates options and commodities to minimize volatility.

White House Appointed Intern | U.S. Department of the Treasury | Washington, D.C. | Jul '25 - Sep '25

- Sole White House-appointed intern in the Secretary's front office, directly supporting the Treasury Secretary and Senior Counselors.
- Authored high-visibility charts and analyses for the Treasury Secretary and President, including the nationally covered "CapEx Comeback" chart, contributions to the White House Crypto Report, and other deliverables on tariffs, labor markets, and tax policy.
- Designed an original forward-looking econometric model of Treasury term premia, improving transparency and real-time interpretation of rate expectations and policy signals for senior Treasury advisors.

Investment Banking Analyst Intern | Wall Street Capital Partners | New York, NY | Jul '24 - May '25

- Prepared pitch decks and investment memos, enhancing client communication and supporting \$75M+ cross-border M&A transactions.
- Conducted valuations (DCF, comparables, LBO) and market analysis across tech and defense sectors, identifying high-growth opportunities and supporting \$50M+ in capital raises and deal structuring for strategic acquisitions.

Summer Private Equity Analyst | Ames Capital Partners | Palo Alto, CA | Jun '24 - Sep '24

- Selected as 1 of 8 interns (~1% acceptance rate); sourced 1,000+ companies across medical devices, agribusiness, and SaaS, advancing dozens to the active pipeline, and developed LBO/comparable models to support \$200M+ potential acquisition diligence.

Strategy & Growth Consultant | Various Clients | Stanford, CA | Apr '24 - Present

- Selected for multiple client projects through Stanford clubs, consulting for firms like Google, Disney, Morgan Stanley, NPR, and more.
- **Google (Product Strategy):** Refined Pixel Studio UI features through market research and user insights to enhance usability.
- **Disney (Market Expansion):** Led a 15-person team to grow Disney+ subscribers through competitive analysis and segmentation.
- **Morgan Stanley (Private Equity Strategy):** Analyzed mid- and large-cap PE trends via Preqin to identify high-yield investments.
- **NPR (Marketing Strategy):** Developed engagement strategy for From the Top (radio/podcast), boosting digital viewership by 20%.
- **Emcure Pharmaceuticals (Go-to-Market):** Assessed GTM strategy for new nutraceutical line; advised on distribution and branding.
- **Curious Cardinals (Community Strategy):** Developed retention and ambassador strategy to strengthen program loyalty.

CLUBS

Executive Vice President | Stanford Pre-Business Association | Stanford, CA | Jun '24 - Present

- Promoted from Head of Consulting to lead client relations, oversee ~10 annual projects, and manage end-to-end program execution.
- Oversee strategic initiatives for Stanford's largest business club, including industry workshops, casing nights, office visits, and speaker events to strengthen member engagement and career development.

Portfolio Manager | Stanford Blyth Fund | Stanford, CA | Oct '23 - Present

- Lead 19 analysts in managing a six-figure segment of Stanford's endowment at its oldest student-run fund, driving investment choices.
- As an analyst, delivered stock pitches on CMCSA, SPR, GAMB, and NFE, with financial and trend analysis to support buy theses.
- Advised on reducing cost basis through strategic timing, targeting high-growth sectors, and mitigating risk via portfolio reallocations.

Project Director | Stanford Consulting | Stanford, CA | Jan '25 - Present

- Promoted to Board of Directors to lead client engagements and shape strategy for Stanford's top consulting group (<5% acceptance).
- Own end-to-end delivery of paid consulting client projects, including market research, growth planning, and competitive analysis.
- Lead and mentor consultant teams, driving execution, client communication, and high-quality deliverables across industries.

VP of Probe Podcast & Magazine | Stanford Students in Biodesign | Stanford, CA | Jul '24 - Present

- Host podcast featuring biotech VCs, founders, and experts on trends, funding, and research to engage a growing audience.
- Oversee content strategy for Probe Magazine, driving 30% readership growth by curating engaging articles on biotech advances.

VP of Communications | Stanford Applied Cybersecurity | Stanford, CA | Jun '24 - Present

- Lead communications and marketing campaigns, increasing event engagement by 40% and securing industry experts for weekly events.

VP of Marketing | Stanford Product Pathways | Stanford, CA | Feb '24 - Dec '24

- Drove attendance up tenfold and grew the mailing list 300% through targeted campaigns and partnerships with Fortune 500 CPOs.

Research Analyst | Stanford Federal Reserve Challenge Team | Stanford, CA | Jun '24 - Nov '24

- Selected as 1 of 7 to represent Stanford, and the only underclassman, to lead research on labor market and financial market dynamics.
- Used Stata/R to analyze data and recreate indicators for monetary policy proposal aimed at the Fed's Nov. Board meeting.

ACCOMPLISHMENTS

- **Accomplishments:** Grand Prize Winner of Duke Fuqua's New Ideas Competition; Awarded Special Congressional Commendation; TEDx and Largest National Journalism Convention Speaker; Developer of 'Forever Filter' (provisional patent).
